

# Carpenter Performing Arts Center

presents

## The Director's Circle

The newest support  
group at the  
Carpenter Performing  
Arts Center

All donors at the \$1,000 level and above are automatically members of the Director's Circle and enjoy these benefits:

- \* Complimentary parking
- \* Complimentary refreshments in the private VIP Lounge before shows and during intermission for each Carpenter Center Presents event (excluding cabarets)
- \* Inclusion in all Director's Circle backstage receptions with specially selected artists
- \* Name listing on donor wall in Carpenter Center lobby
- \* Priority notification of Carpenter Center performances
- \* Priority invitations to all Carpenter Center special events
- \* Listing in Carpenter Center event program

What does your Director Circle donation pay for?

**PERFORMANCES**—The Carpenter Center is a unique entity at California State University, Long Beach. As a professional performing arts center, it presents world-class artists from around the country and the world, bringing an array of international artistic accomplishment to the students and citizens of Long Beach.

**COMMISSIONING**—The Carpenter Center is an active commissioner of new professional work, having supported and fostered the work of Pilobolus, Diavolo Dance Theatre, Chucho Valdes, Joe Goode Performance Group, David Dorfman Dance, the Royal University of Fine Arts in Phnom Penh and the Khmer Arts Academy. Whenever possible, CSULB students participate in these world premiere performances, an impressive addition to the resume of a young artist.

**CLASSROOM CONNECTIONS**—This in-depth program provides substantial arts experiences with professional artists in local classrooms, so students can meet artists in a familiar surrounding, and at the theatre, so these same students can experience a fully-produced show in a professional theatre. *Classroom Connections* has earned consistent high praise from teachers, parents and the administrators of the Long Beach Unified School Districts for nine years.
